WORLD CONCLAVE

Jewish Veterans of All Nations To Meet In Vienna

The second World Congress of Jewish War Veterans convenes this year in Vienna June 26th to July 1st and Commander-in-Chief Abraham Kraditor, together with Past Commander-in-Chief William Berman of Boston, sailed from New York Wednesday morning, June 17th on the "Normandie" to attend this conference on behalf of the Jewish War Veterans of the United States. The party included Sidney Z. Davidson, Commander of David J. Kauffman Post No. 41 of Rochester, N. Y., and Chief of Staff of the Department of New York; Mrs. Henrietta Kraditor, Past National President of the Ladies Auxiliary; Mrs. William Berman, Miss Esther Kraditor, a sister of the Commander-in-Chief and Miss Xenia Gould, a relative of Mrs. Berman.

Purpose

It is not intended that the World Congress should function as a governing body of the various organizations which participate in its deliberations but it provides a medium for the interchange of information as regards Jewish veterans particularly and Jewry in general in the various countries represented. The participation of the Jewish War Veterans of the United States is of inestimable value to the European groups in that their prestige in their own countries is greatly elevated by the knowledge there that they have the friendship and cooperation of their American comrades. Particularly is this true this year, when Nazi sentiment is rife in Austria.

Program

In addition to the various public ceremonies, banquets, receptions and memorial services attendant upon the Convention, the following matters will be discussed by the various committees:

Committee On International Jewish Matters

Discussion of the situation existing in each country and the various organizations and associations representative of Jewry; unanimity of action of the organizations of each country the youth movement.

Committee on Matters Pertaining to Jewish Ex-Service Men's Organizations.

Discussion on the permanency of a World Congress; Jewish veteran organization in each country; the establishment of a monthly publication to

serve all Jewish veteran organizations; compilation of statistics of Jewish participation in the wars of each of the countries represented; erection of a world memorial in Palestine.

Committee on External Jewish Matters

Discussion of methods to establish and maintain an effective liaison between Jewish and other veteran or-

C.I.C. ABRAHAM KRADITOR

ganizations; public recognition of the Jewish veteran organization in their various countries; methods of enhancing the prestige of these organizations in public and official circles.

Committee on Anti-Semitism

Methods of defense against and rebuttal to anti-Semitic attacks; educational campaigns directed to Jews and non-Jews.

Committee on Emigration and Colonization

Discussion of the position to be taken by Jewish veteran organizations on matters pertaining to Zionist and other colonization activities.

Commitment

In all of these activities our delegation will not commit JWV to any conclusion, policy or course of action. They will give whatever information that may be helpful, lend guidance and counsel based on their experience and coordinate information for our use as to conditions existing abroad. As part of the activities the Commander-in-Chief will present a handsome plaque to the Jewish War Veterans of Austria,

which organization is acting as host to the Convention, as a mark of our esteem and respect and he will confer honorary distinctions upon the Commanders-in-Chief of each of the participating organizations who may be present on this occasion.

In addition, it may be possible, in view of the cooperation of certain prominent American Jews, for the Commander-in-Chief to extend on our behalf an invitation to the Commanders-in-Chief of each of the European groups to visit this country in a body on next Armistice Day, the expenses for this visit to be underwritten by the individuals above referred to. If it develops that this is possible, we will be afforded a remarkable opportunity to give evidence to all Americans that Jewry is nationalistic and patriotic in whatever country they reside and that they have contributed in full measure to the military histories of their countries. The exercises in this country would include the visit of this delegation, together with a reception committee from JWV, to Washington where we are assured of a reception by high public officials. The exercises will include the laying of wreaths at the Tomb of the Unknown Soldier and would be broadcast, the attendant publicity attaining noteworthy proportions.

Immediately after the Congress, Past Commander-in-Chief Berman and his party will return to the United States, arriving in New York on July 14th. Commander-in-Chief Kraditor and his party will remain in Europe sufficiently long enough to attend the American July 4th celebration in Poland, laying a wreath on behalf of JWV at the Tomb of the Unknown Soldier in Warsaw. He will then proceed to Paris in order to attend the celebration of the French national holiday of July 14th, Bastille Day, where he will also lay a wreath at the tomb of the French hero and pay an official visit to the American Ambassador to France, the Hon. Jesse Isidor Straus. He will return to New York on July 29th.

—O—
Copy for The Jewish Veteran to be published must be submitted before the 12th of the month of publication. YOUR magazine is published the middle of the month. Your cooperation will be greatly appreciated to make this possible.
